3. Visa and migration issues

International students outside CIS countries, wishing to come to Russia to study need a "Study Visa" – an entry visa that states “education” as the purpose of entry and specifies the institution of study.

As soon as UNECON coordinator (miba@unecon.ru) receives all the documents they start an Invitation application procedure. This may take up to 5 weeks. When

Invitations are issued by the Migration Service of Saint-Petersburg, students will be sent a scanned copy via e-mail and the original by post. After that students may start applying for a study visa. Consult the local Russian Embassy (Consulate) for the documents needed.

NB! Students should apply for a study visa in the Russian Embassy (Consulates) or authorized visa centers only. Thus to apply for a visa it's necessary to find the nearest city with one of these institutions and make an appointment there.

Visa prolongation

Invitations are going to be proceeded for [a single entry visa](#). When arrived to Saint-Petersburg coordinators of UNECON will collect the necessary documents within 2 months after arrival of students and apply for [a multiple entry visa](#) valid till the end of the study period. Thus, after arriving to SPb students won't have an opportunity to leave the country during some time until they get the multiple visa, i.e. if a student leaves when having a one-entry visa he/she won't be able to come back.

After registration international students will be issued multiple entry visas to enable them to travel during their period of studies in UNECON. Multiple visa issuing may take around 5-6 weeks to process.

One month after the arrival students can start applying for a multiple visa. The following documents are required:

1. Passport
2. [Migration card](#)
3. [Registration voucher](#)
4. 2 photos 3*4cm
5. 2400 RUR
6. HIV-test certificate
7. Insurance policy

Students can make an HIV-test in St. Petersburg after arrival, it costs about 600-800 RUR (depends on medical institution and urgency). An HIV-s test taken in home country is valid for 3 months.

Each student must have an insurance policy for the whole study period (translation into Russian is not required).

Registration rules

Registration is obligatory in Russia for every person. Coordinator of UNECON (miba@unecon.ru) and the International Department assist students with registration.

All registration rules will be send to you with invintation.

4. Accommodation

While applying students have to inform UNECON coordinator (miba@unecon.ru) about accommodation preferences. All information you can find:
