Declaration of Consent

Inspection of my work with plagiarism detection software*

At TU Braunschweig, examination results and courseworks can be checked for plagiarism.

With my signature, I,

.....
(Surname, first name, matriculation number)

agree that all my submitted examinations and course achievements can be subject to an automated inspection for plagiarism.

The project thesis will be assessed anonymously, i.e. my personal data (first name, surname, student email address) will not be used.

My works will not be permanently stored for plagiarism checks unless explicit consent is given. If such consent for permanent storage is not explicitly given, the check report and any other files will be deleted upon the legally binding conclusion of the respective check procedure.

Other storage obligations on the university part remain unaffected.

I am aware that I have to provide reference to all used sources. The use of un-referenced sources will be considered to be an examination offence.
