

Student Assistant (m/f/d) for planning and conducting interviews

The Institute of Data Science in Biomedicine is looking for a student assistant **starting immediately** to support the creation of questionnaires as well as the planning and conducting of **interviews** with life science researchers. The interviews will focus on the role of **AI in science**, its applications, and the researchers' perspectives and experiences.

Your tasks:

- Conduct literature reviews on AI-related topics
- Prepare questions for interviews and questionnaires
- (Assist with) conducting the interviews

We expect:

- Background knowledge in AI
- Background knowledge in at least one life science discipline
- Prior experience in conducting research interviews or surveys is an advantage, but not required
- Reliability and the ability to work independently
- Strong English and German language skills

We offer:

- Flexible working hours by arrangement
- An interdisciplinary, open, and friendly working environment
- If interested and suitable: long-term involvement in research and teaching

The position requires **10 - 20 hours per month**, depending on individual preference.

We welcome applicants of all nationalities. We also encourage applications from people with disabilities and will give preference to their applications if equally qualified. Please indicate your disability in your application and include proof. Additionally, we are committed to fulfilling the equality mandate based on the Lower Saxony Equal Rights Act (NGG) and aim to reduce underrepresentation in all areas and positions as defined by the NGG. Therefore, we particularly welcome applications from women.

To conduct the application process, we store personal data. By submitting your application, you agree to the electronic storage and processing of your data for application purposes in compliance with data protection regulations. For more information on data protection, please refer to our privacy policy at <https://www.tu-braunschweig.de/datenschutzerklaerung-bewerbungen>. We do not reimburse application costs.

If you are interested or have any questions, please contact Lisa-Marie Bente (lisa-marie.bente@tu-braunschweig.de, in the case of application please attach a short CV and proof of language proficiency). We look forward to receiving your application by **15.11.2025**.
