

LIN

Internship

LIN ARCHITECTURE + URBANISM is looking for motivated interns to join our young, international team, ideally for a period of 3 to 6 months. Our work spans a variety of architecture and urban design projects at different scales across Germany and France. As an intern, you will support the team in competitions, studies and ongoing projects, contributing to both design and planning tasks. We are seeking dedicated architecture students, preferably with a completed Bachelor's degree. What is important to us: the ability to work independently, a proactive and committed attitude, proficiency in Adobe Creative Suite and AutoCAD, and strong English language skills. Experience with Revit and Rhino is highly appreciated, while knowledge of German and/or French is a plus.

We look forward to receiving your application at: application@lin-a.com
