## Declaration of consent to check my work with plagiarism detection software\*

At TU Braunschweig, coursework and examination papers can be checked for plagiarism.

With my signature, I

.....  
(first name, surname in block letters, matriculation number)

agree that the work I produce as part of my studies and examinations may be subjected to an automatic plagiarism check after submission.

The work will be checked exclusively in anonymised form, i.e. my personal data (first name, surname, student email address) will not be used. Unless a separate and explicit permission is given, my work will not be stored permanently for plagiarism checks.

If such permission for permanent storage is not explicitly given, the examination report and other files will be deleted upon final completion of the respective examination procedure.

Other storage obligations on the part of the university remain unaffected.

I am aware that the use of external, unidentified sources constitutes an attempt at deception.
