Timetable Master Solar System Physics - 1st semester start summer semester 2026

last updated: 26.03.2026

	Monday				Tuesday				Wednesday				Thursday				Friday				
	lecturer	subject	type	room	lecturer	subject	type	room	lecturer	subject	type	room	lecturer	subject	type	room	lecturer	subject	type	room	
8.00 - 9.30																					**8.00 - 9.30**
9.45 - 11.15																	Plaschke	**Scientific Communication**	L/E	MS 3.415	**9.45 - 11.15**
11.30 - 1.00																					**11.30 - 1.00**
1.15 - 2.45	Blum	**Formation and Evolution of the Solar System** (1.15 - 2.00 p.m.)	V	MS 3.415	Solanki	**The Sun and Heliosphere (1.15 - 3.45 p.m.)** start 14.04.2026	L	MS 3.415	Blum	**Formation and Evolution of the Solar System**	L	MS 3.415					Solanki	**The Sun and Heliosphere** start 24.04.2026	E	MS 3.415	**1.15 - 2.45**
3.00 - 4.30	Bürger	**Formation and Evolution of the Solar System**	E	MS 3.415																	**3.00 - 4.30**
4.45 - 6.15																					**4.45 - 6.15**

by arrangement:		
Blum, Bürger	**Hands-On Solar System Physics**	P

Abbrevations: BI = Bienroder Weg | LK = Langer Kamp | HS = Hans-Sommer-Straße | MS = Mendelssohnstraße | PK = Pockelsstraße | SN = Schleinitzstraße | UP = Universitätsplatz

B = block course | sE = small exercise course | C = colloquium| Lab = laboratory| I = Internship| pr. E = practical exercise | S = seminar | L = lecture| E = exercise course
