The PostDoc-Programme

We are very happy to start the year with new planned events within the postdoc-programme. This events are customized for postdocs and offer a variety of topics to develop your career. In February and March, we will offer you two online workshops and a coffee break, for which you can register now (see next page).

From April onwards, there will be a programme for postdocs organised on a semester-by-semester basis, about which we will inform you via this mailing list:

early-career@lists.tu-braunschweig.de

To subscribe send an E-Mail to: listserv@listserv.tu-bs.de

Postdoc program 2021 (feb-apr)

DFG Funding Opportunities: Walter Benjamin Programme and Individual Research Grants (2nd February, 10 am - 12 pm)
• This information event will provide insights on the two German Research Foundation (DFG) funding lines Walter Benjamin Programme and Individual Research Grants (Sachbeihilfe). Two early career scientists, who successfully obtained research funding within these programmes will share their experiences and give tips for the research grant application. (Maximum number of participants is 18)

Coffee Break: Research and teaching abroad: Overview about funding programs. (16th February, 3 pm – 4 pm)
• The Coffee break is a short get together for all postdocs interested in a stay abroad. You will get a short overview of the funding opportunities for short and longer stays abroad and get to know the contact persons at the Mobility Office, International House.

Communicating science - successfully with media and public (1st March, 2 pm - 5 pm)
• Communications and Press Service: In this module you will gain an insight into science communication, from press and public relations work to your profile in the social media. You will learn how to better use methods and instruments of science communication for yourself, your research and your further development. (Maximum number of participants is 16)
