History

1745 The Collegium Carolinum, a new type of educational institution between secondary school and university, is established.

1878 The institute is renamed Ducal Polytechnic School (Herzogliche Technische Hochschule Carolo-Wilhelmina).

1968 After the establishment of a Faculty of Humanities and Social Sciences, the TH is renamed Technische Universität

1978 The Teacher Training College is incorporated into TU Braunschweig.
History

2006 Creation of »TU9«, an association of the nine leading German universities of technology.
2007 Braunschweig is named »City of Science«.
2007 Foundation of the Automotive Research Centre Niedersachsen.
2009 Foundation of the Aeronautics Research Centre Niedersachsen.
2009 Foundation of the Braunschweig Integrated Centre of Systems Biology.
2012 Foundation of the Centre of Pharmaceutical Engineering.
2016 Completion of the Open Hybrid LabFactory research campus.
2017 Record high of 20,116 students.
2019 Relocation to the new Laboratory for Emerging Nanometrology.
2019 TU Braunschweig celebrates its 275th anniversary.
Good reasons for choosing TU Braunschweig

- An excellent reputation and a long tradition – since 1745
- The university with the broadest range of engineering courses in Northern Germany
- Top-notch connections in Europe’s number one research region
- Jobs and research projects at local research institutes and companies
- First-rate contacts with the industry and hands-on training
- Short distances between the TU’s campuses in the vibrant city of Braunschweig
6 Faculties

- Carl-Friedrich-Gauß: Mathematics, Computer Science, Business Science and Social Sciences
- Life Sciences
- Architecture, Civil Engineering and Environmental Sciences
- Mechanical Engineering
- Electrical Engineering, Information Technology and Physics
- Humanities and Educational Sciences
Core Research Areas

MOBILITY  METROLOGY  INFECTION AND THERAPEUTICS  FUTURE CITY
Core Research Areas and Research Centres

MOBILITY
- Automotive Research Centre Niedersachsen (NFF)
  - Open Hybrid LabFactory (OHLF)
- Battery LabFactory Braunschweig (BLB)
- Aeronautics Research Centre Niedersachsen (NFL)
- SE²A – Sustainable and Energy-Efficient Aviation

METROLOGY
- Laboratory for Emerging Nanometrology (LENA)
- QuantumFrontiers

INFECTION AND THERAPEUTICS
- Braunschweig Integrated Centre of Systems Biology (BRICS)
- Centre of Pharmaceutical Engineering (PVZ)

FUTURE CITY
- Centre for Fire Research (ZeBra)
**Student enrolment numbers**

The diagram illustrates the number of first-semester students and the total number of students enrolled at Technische Universität Braunschweig from the winter semesters 2000/01 to 2019/20. The data shows an overall upward trend in both categories, with fluctuations year over year.

**Number of first-semester students**
- 2000/01: 2,657
- 2001/02: 2,946

- Sustainable Energy Engineering (Master)
Degree Programmes

- Computer Systems Technology (Bachelor, Master)
- Electrical Engineering (Bachelor, Master)
- Electromobility (Master)
- Electronic Automotive and Aerospace Systems (Master)
- Industrial and Electrical Engineering (Bachelor, Master)
- Physics (Bachelor, Master)
Humanities and Educational Sciences

Degree Programmes

- 2-subject Bachelor’s degree (B.A. or B.Sc.)
- Culture of the Technical-Scientific World (Master)
- Educational Sciences (Bachelor)
- Teacher Training Course – Grundschule (Master)
- Teacher Training Course – Haupt- und Realschule (Master)
- Teacher Training Course – Gymnasium (Master)
International

- 3,300 international students
  from 110 countries = 17 %

- They make up 17 per cent of the student body.

Top-notch connections:

- 330 partner universities around the world
- 170 cooperation programmes with European universities (Erasmus)
- Strategic partnerships with universities in France, Great Britain, Italy, Switzerland, the USA, China, Singapore, Japan, Brazil, Mexico and Australia.
Active in the Research Region – networked in Germany

- Research Alliance of Technische Universität Braunschweig and Leibniz Universität Hannover
- Member of TU9
- Strong partner of the research industry
Europe’s Research Region

- Braunschweig is the most active research region in Europe.
- Braunschweig is also Europe’s top investment region, with the highest level of spending on research and development (Eurostat 2015/2018).
